Our mission and mandate is the collection and preservation of artifacts depicting the life of our early settlers in our area prior to and after 1882 and running up to the end of the victorian period and extending into the 20th Century. Our purpose is to collect, preserve, research and display to the public, the contents of our collection in our "Victorian House on the Prairie" which was built in 1888 by a local lumber merchant, James Frame as a wedding present for his new bride. As our collection grew, three additional annexes and a coach house were added.				
What services/resources do you offer members of the community?		Do you have any resource that you would be willing to share/lend to other groups? (eg:tables/chairs/space/volunteers)		
We provide interactive tours on demand during spring, summer and fall with our seasonal staff and off hours by board members. We assist with history research and other research as required.		Unfortuneately not, as we have to contact other groups when we need tables or chairs for any events we host. We are always looking to volunteers to help our Museum Board throughout the year.		
This is where other organizations can let you know that they are interesteed in collaborating with you. If you are an organization that is interested in collaborating, please write your organization name and contact information below.
